## A SERIOUS ERROR

In the story of the delegation from the Town Council meeting the utility commission, published in last week's Times, in the third paragraph referring to saving in interest money, the report should have read "\$12,000.00" instead of "\$1200." Following is the corrected paragraph:

"The reduction of interest is a saving to the Town amounting to about \$12,000.00 annually. The opinion is pretty generally favored that the granting of this application puts the Town again on a sound financial basis."

## MUNICIPALITY OF THE TOWN OF MACLEOD

Notice is hereby given that if all arrears of taxes imposed in 1923, in respect of any parcel of land situated within this Municipality, are not paid on or before the first day of July next, such land will be dealt with under the provisions of the Tax Recovery Act 1922, with a view to obtaining certificate of title in the name of the Municipality, in respect of such parcel.

E. FORSTER BROWN  
14-21 Secretary-Treasurer.

## PROVINCE OF ALBERTA

## DEPARTMENT OF MUNICIPAL AFFAIRS

Notice is hereby given that unless all arrears of taxes imposed in respect of any parcel of land situated in Improvement Districts No. 71, 100 & 101 are paid on or before the First day of July next, such land will be dealt with under the provisions of the Tax Recovery Act, being Chapter 122, Revised Statutes of Alberta, 1922, with a view to obtaining Certificate of Title in the name of the Crown in the right of the Province of Alberta in respect of such parcel.

J. H. Lamb,  
Deputy Minister of Municipal Affairs,  
Edmonton, May 31st, 1924. 14-11

## MUNICIPAL DISTRICT OF BRIGHT No. 69

Notice is hereby given that if all arrears of taxes imposed in 1923 in respect of any parcel of land situated within this municipality are not paid on or before the first day of July next, such land will be dealt with under the provisions of the TAX RECOVERY ACT, 1922, with a view to obtaining certificate of title in the name of the municipality in respect of such parcel.

Harry W. Bright,  
Secretary-Treasurer M.D. No. 69.  
14-11

These Medicines sold with a Guarantee of money back if not found pure or free from injurious drugs.

Make all remittances direct to Dr. ROSENBERG'S LABORATORIES 368-9 Birks Building, Winnipeg, Man.

## GIBBONS LACED CARPENTIER

Ringside, Michigan City, Ind., May 31.—Tommy Gibbons of St. Paul, decisively defeated Georges Carpentier of France, in a ten-round international contest here this afternoon before a crowd that filled the sky blue arena to capacity.

Gibbons won virtually every round and had his opponent in distress a dozen times. In the ninth round after a lively exchange Carpentier sank to the floor of the ring indicating his handers that he had injured his right ankle.

He struggled to his feet, however, and finished the contest limping badly.

Gibbons, a master boxer, was Carpentier's superior in every round. Carpentier, retreating from Gibbons, had difficulty in catching up with him. Carpentier shook Gibbons up once with his famous right hand punch, but the St. Paul boxer's defense was almost perfect and he made Carpentier miss like a novice.

Don't worry about hard times. If your business runs down the sheriff will wind it up.

## EMPRESS THEATRE

### CURRENT ATTRACTIONS

STARTLING PLOT TWISTS MIX LAUGHS AND THRILLS IN SIDE-SPLITTING STYLE

A Wholesome Home-Town Comedy Drama At The Empress Friday And Saturday

In "The Sunshine Trail," his latest comedy-drama, Thomas H. Ince has filmed a picture that is as full of surprises and romance as an O. Henry tale. Comedy becomes tragedy, and tragedy turns to laughter with a clever surprise twist while melodrama has been so skillfully interwoven with side-splitting laughs that it keeps the audience on the alert not to be caught napping. The unexpected always happens.

At the start there is some rapid action on a western ranch. Just when things look really serious the plot takes a laughable twist. In putting over some hilarious comedy by playing with a little boy when—presto!—it turns out that the boy has been kidnapped and that the fond "mother" is a crook.

Latter "Sunny" McTavish strolls into a bank to cash a check and again—bingo!—an ingenious turn of affairs carries the doughboy-cowboy out of the bank and a roaring motorcycle which carries a gang of bank bandits into a final smashup in a deep ditch.

With its optimistic theme, its dramatic thrills and its strong appeal to mothers and children, "The Sunshine Trail" is a picture for the entire family—dad, ma and the kids.

SCENES IN COLORS MAKE "ADAM'S RIB" NOVEL PHOTOPLAY

New Photographic Process Employed By Cecil B. De Mille in Big Production

Color photography carried to the most logical degree yet reached is a special feature of "Adam's Rib." Cecil B. De Mille's new Paramount picture featuring Milton Sills, Elliott Dexter, Theodore Kosloff, Anna Q. Nilson, Pauline Garon and Julia Faye which will be presented at the Empress theatre next Monday and Tuesday.

"All over" color photography carried to the tints of the skin is admittedly still to come in its final perfection. Color "spotted" through the regular blacks, grays and whites of the celluloid is a point, however, to which real perfection is said to have now been reached through a color registering system perfected by

## "Day by day in every way" the Jubilee is getting bigger and bigger.

There is no denying this fact whatsoever, and all over Canada the people are beginning to realize what historical significance the Macleod Jubilee has.

Hundreds of letters are being received asking for particulars of this great national event, reserving accommodation for the three days, letters from Old Timers and Police Veterans who are looking forward to the re-union when they will be able to meet all their old time friends and comrades.

Numbers of camping parties from Calgary, Edmonton, Lethbridge, Medicine Hat and other Towns have already reserved camping sites on the River banks and in the woods in favored locations.

The concourse of Indians that will be gathered together on these three wonderful days, will be the largest since the signing of the Redskin Treaty. The Indian Village of tepees, representing the old time redskin camp, will be one of the features of the Jubilee, also the huge gathering of Indian braves and warriors with their squaws, travois, horses and dogs will be an outstanding attraction in the Grand Pageant. Over two thousand redskins will take part in the Macleod Jubilee.

July 1st, 2nd and 3rd will see the largest gathering of Oldtimers and Mounted Police Veterans ever held in the West—men of the '70's, '80's, and '90's, will shake hands with one another, recall old time scenes and stories. What a wonderful time they'll have, and in lots of cases it will be the last reunion of old comrades, because Father Time swings that old scythe regardless.

The Stampede program is one of the best that has been staged in this part of the country—it is truly Western, with the best man winning in all events, and a fair and square deal to all regardless of color, whether black, red or white.

The horse races are attractive enough to draw out a good field of thoroughbreds, and these track events will be well worth witnessing.

The magnificent pageant that will be seen during the morning of July 1st, will be the grandest in the West. In Western Canada, Miles and miles of picturesque old time Western scenes, hundreds of Indians, cowboys,

## BASEBALL AT CLARESHOLM

"Spud" Murphy pitching first last class ball, in the last four innings of the first league baseball game, at Clareholm last Friday, left Macleod victorious by a margin of three runs.

The redoubtable "Spud" threw off the clock of time and pitched the same snappy ball, as he used to ten years ago, he claims "Slim" Haynes has nothing on him for comeback stuff, and if last Friday's performance is any criterion, we agree with him. All the Macleod boys are to be congratulated on their playing, more especially so on their hitting qualities, everyone of them hit like old time veterans, and when Neville Kirk started the winning hitting frame in the 9th innings when Clareholm had a lead of three runs, it was worthwhile to watch those lads.

The Carnival and entertainment offered you in the evenings is worth while, dancing of every description, oldtime jigs, present day jazz, cowboy dances, you know the kind—

"His spurs were a jinglin', His rope was a swingin', And his chaps were a danglin' All around by his knees— Swing 'em around."

Also there will be special entertaining features put on by the Jubilee Entertainment Committee—there is one thing the visitor to Macleod is to have—that's a real good time.

The Children's Carnival, the flower battles, the confetti fights, open air dancing, everything for fun and good fellowship.

If you feel blue don't walk down the streets of Macleod during July 1st, 2nd and 3rd, otherwise you'll be pinched, but there is very little fear of anything like that.

The Jubilee will be opened by the Lieut.-Governor of Alberta at the Exhibition Grounds, at 1 p.m. on Tuesday July 1st.

Ask for an illustrated folder and prize list of the Jubilee—write the Jubilee Office, Macleod, they'll send you these.

Make early reservations, remember first come, first served. There is a special Housing Committee looking after this—get information from the Chairman.

## MARRIAGE

JESSON—WHITE—On May 23rd at the Wesleyan Methodist Church, Macleod, Alberta, by the Rev. G. D. Armstrong, James, only son of the late Canon J. L. Jesson, of Rathanagan, County Kildare, and Mrs. Jesson, Killing County, Dublin, Ireland, to Jane, Evelyn Vaughn, youngest daughter of Mr. and Mrs. J. Arthur White, Scotia Ranch Macleod, Alberta, Canada.

That anyone with so much wealth should be so completely devoted to her, should Sir Holt go with her to buy food, and she, taking him for what he appears offered to share her food with him in her garret.

Gradually he becomes interested in the derelicts of Apple Blossom Court, which he recognizes as one of his homelike. An old woman, when he meets, convinces him that only good is coming with the dawn of a tomorrow.

But Sir Oliver wants to keep his identity a secret, and needing more money to salvage these sunken souls, gets Dandy, Glad's sweetheart, to rob his home. Dandy, hands another "Job" for the same night.

But thieves on the other job, whom he was to have accompanied, kill a man. Caught, they accuse Dandy.

From then on, "The Dawn of a Tomorrow" builds in dramatic tension. Dandy must furnish an alibi. And how he does it—well, Glad's help, makes an absorbing production.

Ray Griffith plays Dandy. Alma Bennett heads the strong supporting cast which includes Roland Bottomley, Harris Gordon, Guy Oliver, Temple Piggett, Mable Van Buren, Marguerite Clayton and Warren Rodgers.

## ACTORS FIND PLENTY OF ADVENTURE AND COMEDY WHILE MAKING INCE FILM

Desert Dwellers Help Film Folk

The cast of Thomas H. Ince's "The Sunshine Trail" showing at the Empress Friday and Saturday during the making of the photoplay. Most of the film was made in a small California town near the edge of the Mohave desert.

The fact that the only bank in this town had been robbed by bandits a few days before gave Director James Horne the idea for the bank robbery sequence of the picture, in which Douglas MacLean dashes after a auto load of robbers on a motorcycle.

The president of the bank was suspicious of the actors at first, having in mind a story he had read to the effect that daylight bandits had once succeeded in robbing a bank while posing as motion picture players.

The railroad scenes in the photoplay were made in a Hohave town on a small mining rail camp railroad which failed some years ago, and which Producer Ince bought outright as an investment. With the railroad station and rails went an engine and ten passenger coaches of not so ancient vintage. For the jail scene a real jail was used, the sheriff and local police force giving the actors every aid.

During the making of the picture Douglas MacLean's trousers were stolen, together with \$112 in cash which the actor had in his jeans. As the trousers were of a certain exclusive pattern, it looked as if many of the scenes showing the trousers would have to be retaken. The thief, however, sent the trousers back to "Doug" by parcel post.

The auto smashup requiring long hours rehearsing and perfectly good car was smashed up so badly it had to be sent to the junk heap. Fortunately the cameraman was "set up" to get this smashup for the film.

Little Muriel Frances Dana had the time of her life during the filming of the eating scenes in the picture, in which she is shown breaking a long fast with a prodigious dinner. This scene had to be retaken several times, and when she had finished "eating for the camera," as she called it, Little Muriel was "too full for something more."

## TO THE CITIZENS AND MERCHANTS OF THE TOWN OF MACLEOD:

IN ORDER to meet the circumstances occasioned by the proposed Jubilee Celebration on the 1st, 2nd and 3rd days of July, the Council has passed a resolution embodying the following directions as to opening of stores:

1. There shall be no afternoon holiday on Wednesday June 25th, 1924.

2. On June 30th the stores may remain open until ten o'clock in the evening and shall then close until 6 o'clock on July 1st.

3. On July 1st the stores will be closed all day with the exception of the hours from six to eight o'clock in the evening when the stores may open up for serving customers.

4. On July 2nd, the stores may remain open until one o'clock in the afternoon and shall then close until six and remain open until eight thirty.

5. On July 3rd, the stores shall remain open until one o'clock in the afternoon and shall then be closed until six and remain open until eight thirty.

IT IS REQUESTED that the Citizens and others who can do so, will make their purchases of supplies at as early a date as possible before the 1st of July so that the Clerks may have as little to do as possible in the matter of serving Town customers and so that the stores may be open as far as possible for the convenience of out of town patrons.

J. W. McDonald, Mayor.

## OBITUARY

### DEATH OF CHRISTOPHER CLARKE

The death occurred at Nanaimo B. C. on Friday last of Christopher Clarke aged 26 years, the son of Mr. and Mrs. Charles Clarke of this town. The deceased was well known here where he resided for many years. His death was very unexpected, it appears he had been suffering from a kidney throat, and it was so bad the medical authorities decided an operation was necessary, but the unfortunate young man passed away while under anesthetic, although everything possible was done to save his life. His body was shipped back to Macleod, and the funeral was held Wednesday afternoon, which was largely attended by sorrowing relatives and friends. The late Mr. Clarke was a member of the Railroad Firemen's Union, and was engaged on the C. P. R. for a number of years, he is survived by his father and mother, five sisters, Mrs. Eckmire, Orion, Alta; Mrs. J. Chester, Winnipeg; Mrs. J. Kendall, Lethbridge; Misses Bella and Eva Clarke, of Macleod; and four brothers, Charles, William, Walter and Alex, all of Macleod.

The Junior Baseball team following the good example set by the Seniors last Friday, whitewashed both the Clareholm and Granum boys on Tuesday, on the local diamond. How many runs the local boys could have made we do not know, as when the score soared past 20 we lost count.

The visitors were out played, on every turn, while McLean and Long the Macleod Battery were right on the job and played practically errorless ball.

## MACLEOD METHODIST CHURCH

### Sunday Services

Rev. G. D. Armstrong will preach at both services:  
Morning Subject—"The Compassion of Jesus."  
Evening Subject—"Living Issues Before the Recent Conference."

Visitors are heartily welcomed at all services.

A service of unusual interest will be held at Allanfield School on Sunday next, June 8th at 2:30 p.m. This will be an open air service—Rev. G. D. Armstrong will give a short address and sacred music will be rendered by the Macleod Band under the direction of J. A. Edgar.

It is expected there will be a large attendance at this gathering.

## SUMMER VACATIONS

A neat little pamphlet has been prepared by the Canadian Pacific Railway with a view to assisting the public to plan their summer vacation trips. A large number of summer vacation fares and sleeping car fares are quoted in it.

The Company has also issued a compact pocket folder regarding the "Trans-Canada Limited"—the fastest train across Canada, giving schedules and other information.

A copy of either or both of these will be gladly furnished to any one upon application to the Canadian Pacific Ticket Agent.

## SHOULD BE ENCOURAGED

Women's attitude towards tobacco nowadays—so far as concerns the men of her household—is one of encouragement rather than opposition, because she realizes that men are better-tempered when they smoke.

## COMING EVENTS

### FORESHADOWED

A five day course in basketry will be given to the members of the Macleod Women's Institute in the Odd Fellows' Hall beginning Monday June 9 at 9 a.m. Bring cutting pliers, sharp knife, knitting needle, scissors, note book and pencil and tape measure.

An afternoon tea for the Methodist Ladies' Aid will be given at the home of Mrs. F. A. Adams on Saturday from 4 to 6. Ice cream will be served.

## FUNERAL SERVICE MACLEOD PIONEER

The funeral service for the late Mrs. C. M. Casey, who died on Tuesday last, was held Thursday at Christ church, Macleod, with Rev. W. Merck officiating. A large number of friends and acquaintances attended to pay their last respects to a beloved old-timer of Macleod. Floral tributes covered the coffin and were sent from the following relatives and friends: wreaths—Mrs. Beecher and family; Mr. and Mrs. H. G. Long; Mr. and Mrs. T. B. Martin; Mrs. Tabor and daughters; Mr. and Mrs. C. W. E. Gardiner, Mr. and Mrs. E. F. Cummings; Mr. and Mrs. C. M. O'Brien; Mr. and Mrs. Heap; Mrs. Camies; Middleton; Mrs. and Miss Camies; Mr. and Mrs. Peard; Mr. and Mrs. Patterson; Mr. and Mrs. Beechum; Mr. and Mrs. J. C. McEwan; Miss M. Macdonald; Mrs. D. W. Davis.

The coffin was taken from the church to the C. P. R. depot for removal to Coburg, Ontario, for interment in the family vault.

## CARNIVAL QUEEN FOR JUBILEE

A public meeting will be held in the Town Hall on Tuesday June 10th at 8 o'clock for the purpose of nominating candidates for Carnival Queen.

Every resident of Macleod should attend this meeting.

Street dance to band music after meeting.

## HEIRS WANTED

Missing heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for Index Book, "Missing Heirs and Next of Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, English, Scotch, Irish, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

LIFE FROM THE SOIL

The working of the annual miracle  
has begun. In the soil of the prairies  
the seed is germinating which will  
reproduce itself an hundredfold to  
feed millions who never saw a Cana-  
dian wheatfield.  
Already the shimmer of green is  
appearing above the brown of the  
earth as the tiny blades push through  
the surface, the cells manufacturing  
the inorganic elements of soil and air  
and water chlorophyll, the ultimate  
basis of the protoplasm of which all  
life consists.  
For the plant must make the food  
by which man lives, whether he con-

sume the kindly fruits of the earth or  
prey upon other animals. By its  
wondrous biochemistry only can the  
inorganic become organic.  
And so, under the influence of the  
sun's warmth the chlorophyll, the  
green plant-substance, will become  
starch and fill out the grains in the  
ears of wheat, to be gathered in for  
man's sustenance in the long months  
when the lands which nourished them  
are deep under snow.  
Of the mysterious processes by  
which living matter is created out of  
inert substance we know very little,  
and that little only increases for the  
thoughtful the marvel and wonder  
thereof.  
We may learn more but the ulti-  
mate secret will never be ours. Never  
shall we be without occasion to ask,  
as we see the fields whitening to  
harvest, "What is man that Thou art  
mindful of him?"

**GOD'S HANDWRITING**

Old stone tablets found in the  
peninsula of Sinai recently by Flin-  
ders Petrie have been deciphered by  
Professor Hubert Grimme of Vienna  
who declares them to be Moses'  
original copy of the Ten Command-  
ments.  
If this is true, "fundamentalists"  
will regard those tablets as the most  
sacred memento of all time.  
For according to the devout they  
were inscribed by God Himself. It is  
God's own handwriting that appears  
on their surface.  
If this belief helps anyone to keep  
the Ten Commandments, Flinders  
Petrie's discovery will be well worth  
while.  
There are millions of people on this  
earth who could not be persuaded to

**SUFFERED FOR**  
**TWELVE YEARS**

Use of Drecto Pays Mr. Jamison Divi-  
dends of Health After Other  
Remedies Fail.

Mr. H. Jamison is a well-known  
carpenter of 10415 - 95th St., Ed-  
monton, Alta., who suffered from  
stomach disorders for the past twelve  
years. He tried several remedies,  
but failed to get relief until told about  
Drecto.

"My food simply wouldn't digest,"  
says Mr. Jamison. "Everything seemed  
to sour and ferment; my liver was  
sluggish and I was inclined to be  
bilious at times. I was troubled with  
poor appetite, loss of sleep,  
rheumatism in my shoulders and was  
run down in general."

"Since taking Drecto, my health has  
improved in every way. I can eat al-  
most any kind of food now without  
suffering afterwards. The rheumatic  
pains have disappeared. All my  
stomach disorders have been relieved.  
I feel better than I have for years."

"I think Drecto is a wonderful  
medicine and do not hesitate to re-  
commend it. It has done for me  
what every other medicine has failed  
to do and I place a lot of faith in it."

Drecto is, above all else, a body  
tonic and a regulator. It contains no  
mercury, potash or habit forming  
drugs, and can be taken by anyone.  
It is a compound of the juices of  
medicinal herbs, bark and leaves  
and gives quick relief to stomach  
trouble, constipation, poor appetite,  
gastritis, backache, sick headache and  
biliousness.

Drecto is being specially introduced  
in Macleod by A. D. Ferguson, and is  
sold by a good druggist everywhere.

**Less Pot-washing**  
SMP Enamelled Ware has  
the smooth surface and polish of  
fine crockery—without the break-  
age. And it is so very easy to clean  
—just like china, and therefore  
makes light work of pot washing.

Try this test. Take an SMP  
Enamelled Ware sauce pan and an  
all-metal sauce pan of equal size.  
Into each pour a quart of cold  
water. Put on the fire at the same  
time. The SMP sauce pan will be  
boiling merrily when the water in  
the other is just beginning to  
simmer.

**SMP Enamelled WARE**  
"A Face of Porcelain and a Heart of Steel"

Three finishes: Pearl Ware, two coats of pearl  
gray enamel inside and out. Diamond Ware, three  
coats, light blue and white outside, white lining.  
Crystal Ware, three coats, pure white inside and  
out, with Royal Blue edging.

obey these ten moral injunctions as a  
matter of common sense, but who  
would obey them if they saw them  
written down in what they thought  
was the handwriting of the Almighty.  
For the chief purposes of society,  
it doesn't matter very much WHY  
people behave themselves so long as  
they DO behave themselves.

**CURE FOR PNEUMONIA**

Dr. L. B. Felton of Harvard an-  
nounces a new treatment for  
pneumonia that he says will cut the  
death rate from that disease by 25 to  
50 per cent.

The new "cure" is a white powder,  
consisting of certain elements secured  
from the ordinary pneumonia  
"horror serum."

If Dr. Felton can cure pneumonia  
his discovery is valuable.  
But a little common sense in eating  
on the part of people on this continent  
would wipe out pneumonia in five  
years without serums, powders or any  
kind of drugs.

Pneumonia is a fifth disease. The  
system becomes clogged up with all  
kinds of waste matter and Nature  
then makes an ineffectual effort to  
burn it out.

If a man would keep his insides as  
clean as he keeps his outside he  
would never have pneumonia, and  
Nature would never need to attempt  
the burning out process that we call  
disease.

**FOURTH FORTNIGHTLY CROP**  
**REPORT**

Issued by Department of Agriculture,  
Edmonton, Alberta Saturday, May  
31, 1924

Heavy showers of rain in many dis-  
tricts in the Province have consider-  
ably improved the condition of the  
new crop, and the outlook is much  
brighter in consequence than at the  
date of the last report.

The rains were fairly general in  
most districts and the precipitation in  
the past fortnight has varied from a  
quarter of an inch to more than an  
inch in some of the more central and  
northern districts. The south-eastern  
section of the Province, which had  
commenced to feel the lack of  
moisture, reports some very satisfac-  
tory showers, though not over a wide  
area. The early-sown grain is not  
suffering, but some of the late-sown  
grain in the dryer districts has not  
germinated well.

New wheat is from four to ten  
inches in height, and seeding of oats  
and barley is nearing completion.  
There has been considerable delay in  
the seeding of oats for green feed,  
and much of this is yet to be done.  
Seeding of corn is reported in many  
districts, and in some places this crop  
is now being sown in preference to  
sunflowers, not only in the southern  
districts, but in some of the central  
districts as well.

Irrigating is general in the south,  
and the alfalfa crop is showing  
several districts about the 19th of  
the month, but very little damage re-  
sulted.

Pastureage is rather poor in south-  
eastern localities, but in the central  
and northern districts is better, and  
some districts report the outlook for  
the hay crop is the most promising in  
years.

Generally speaking, crop conditions  
may be said to be very satisfactory.  
In no localities is the growing grain  
suffering for lack of moisture and this  
fact is due largely to the splendid  
soil conditions at the beginning of  
the season, which may be said to have  
been the best in some years.

Grasshoppers have become numer-  
ous in several localities, both south  
and north, but the Department is  
meeting the situation with the organ-  
ization which proved so effective dur-  
ing the past two seasons. Cutworms  
are also giving trouble in a few  
places.

**COLLECTING FARM STATISTICS**

In conjunction with the Dominion  
Bureau of Statistics, the Provincial  
Department of Agriculture is now  
engaged in its annual enumeration of  
areas sown to crop and of farm live-  
stock throughout the Province.

Card schedules upon which the  
farmers are asked to enumerate the  
areas sown to various crops on their  
farms, and the number of livestock  
owned by them or sold and slaughter-  
ed during the past season, have been  
distributed by the Dominion Bureau  
in co-operation with the Provincial  
Department. These schedules have  
been mailed to secretaries of school  
districts, for distribution to farmers  
through the medium of the school  
teachers and school children, and  
through other mediums.

The co-operation of the farmers of  
the Province is earnestly solicited in  
this work. This enumeration is  
simply an agricultural stock-taking,  
and the statistics gathered thereby  
are reliable only insofar as the farm-  
ers give their co-operation, and pro-  
vide accurate returns. Farmers need  
not fear that these returns will be  
used for income tax purposes. The  
returns are received and dealt with  
under secrecy, and the individual re-  
turns are not published, merely the  
resulting totals.

The schedules, when filled out by  
the farmers, should be returned to  
the school teachers, or to the sec-  
retary-treasurers of the school dis-  
tricts, who will in turn, mail them  
back to the Department of Agricul-  
ture at Edmonton. These schedules  
later are sorted into crop districts  
and sent to the Dominion Bureau of  
Statistics at Ottawa for final compila-  
tion.

Farmers are asked to fill in the  
schedules as accurately as possible,  
and return them at the earliest pos-  
sible moment. School teachers or  
secretaries who find the supply of  
schedules sent them insufficient, may  
secure more by applying to the De-  
partment of Agriculture at Edmon-  
ton.

**Regular Meeting**  
**Town Council**

At the regular meeting of the town  
council held on Monday evening last,  
only ordinary routine business was  
discussed.

Water and light will be furnished to  
the Tourist Camps and Exhibition  
Grounds.

Reports were received and filed  
from the Medical Health Officer, the  
Superintendent, and the Chief of  
Police.

A circular letter from the Depart-  
ment of Agriculture re noxious weeds  
and their destruction was read by the  
Secretary.

**STAMPEDE GROUNDS BEING**  
**RAPIDLY OVERHAULED**

Macleod is making great prepara-  
tions for the forthcoming jubilee on  
July 1, 2, and 3. Large graders,  
street cleaners, scrapers with their  
armies of men and horses, are now  
busy putting the streets and avenues  
in shape for the celebration. The  
court house square is being trans-  
formed, trees are planted, a new  
bandstand is being erected, the base-  
ball diamond recovered and marked;  
in fact the whole town is being given  
a thorough overhauling, and will  
present a cheerful appearance on the  
days of the jubilee. Every one in  
Macleod is doing his utmost to make  
the jubilee one of the best things in  
the west, and never before has there  
been such hearty co-operation by the  
townpeople. The managing com-  
mittee at its meeting reported great  
progress. The grounds for the stam-  
pede are being put in shape, where  
there will be accommodation for  
thousands of people.

**BIDDING ADIEU TO MACLEOD**  
**FRIENDS**

Miss Doris Beere of Calgary,  
daughter of Mr. and Mrs. G. F.  
Beere, is spending a few days in Mac-  
leod, in which town she lived for a  
number of years. Miss Beere is the  
guest of Mrs. E. H. Maunsell, and is  
taking leave of her many friends in  
this district prior to her departure  
for Ireland in August, where she will  
be married to the Rev. F. White, of  
Castleisland, County Kerry.

**LOCAL BALL PLAYERS DEFEAT**  
**PINCHER CREEK**

The local baseball fans accom-  
panied the senior eleven to Pincher  
Creek Thursday evening and watched  
them win an easy victory from the  
western aggregation by a score of  
five to one. Macdonald pitched for  
the Macleod boys, with Niel Dilling-  
ham handling the catcher's mitt.  
Next Wednesday Pincher Creek team  
comes to Macleod for a return game.

**SMILE A WHILE**

An Irishman was a witness in an  
important shooting affray. The mag-  
istrate asked Pat if he had seen the  
shot fired. "No," said Pat, "but I  
heard it." "Step down, my man," said  
his honor, "hearing isn't evidence in  
this court. As the Irishman turned  
away he broke into a fit of laughter.  
The irate old gentleman called him  
back and asked if he wanted a term  
in prison for laughing in court. "Did  
you see me," asked Pat. "No," said  
the magistrate, "but I heard you."  
"Well," said the son of old Ireland,  
"hearing isn't evidence in this court."

**A STINGING RETORT**

There was a determined look in the  
young lady's eye as she marched into  
the optician's shop.  
"I want a pair of glasses immedi-  
ately," she said. "Good strong ones.  
I won't be without them for another  
day!"

"Good strong ones?"  
"Yes, please. I was out in the  
country yesterday and I made a very  
painful blunder which I have no wish  
to repeat."

"Indeed! Mistook an entire stran-  
ger for an old friend, perhaps?"  
"No, nothing of the sort; I mistook  
a bumble bee for a blackberry!"

In conversation with Lord Chester-  
field, another nobleman remarked  
that man is the only creature endowed  
with the power either of laughing or  
blushing. "True," said Chesterfield,  
"and he is the only creature that de-  
serves to be laughed at or blushed  
for."

The Christian faith is a grand  
cathedral with divinely painted win-  
dows. Standing without, you see no  
glory, nor can you imagine it; stand-  
ing within, each ray of light reveals a  
harmony of unspeakable splendor.

Canada spent \$17,500,000 on defence  
during the last fiscal year, including  
\$4,000,000 on demobilization. New  
Zealand spent \$3,885,000 and South  
Africa \$5,390,000.

And so the tendency is in the di-  
rection of smaller farms. Wellthat's  
good. You can't lose so much on a  
small farm.

A time honored friend of yours

**JUNE ROD AND GUN**

The beauties and advantages of On-  
tario are stressed in the special Tour-  
ist June issue of Rod and Gun in Can-  
ada. In addition to a description of  
Ontario's tourist attractions and var-  
ious points of beauty in the province,  
with suggestions for summer camps  
and trips, the stories in the magazine  
deal with fishing and camping in  
Algonquin Park, with timber survey-  
ing in northern Ontario and hunting  
and out-of-door stories in other parts  
of the province. Of special interest  
this month will be the story of the  
Le Pas Dog Derby, which has been

written by M. U. Bates, who was Rod  
and Gun in Canada's special represen-  
tative at this picturesque event. A  
large number of unusually fine photo-  
graphs illustrate this description. The  
June number of Rod and Gun in Can-  
ada contains eighty-eight pages  
brimful of stories and articles dealing  
with practically every phase of  
sportsmen's interests.

Rod and Gun in Canada is pub-  
lished by W. J. Taylor, Ltd., Wood-  
stock, Ont.

## CAPITAL GOSSIP AND PROV. NEWS

Many Winter-fed Cattle Being Shipped

Large shipments of winter-fed cattle are now being forwarded from the Province for the Eastern and British markets. Recently several large shipments have been made from Central and Northern Alberta, including the shipment of 250 head of cattle fed at the Edmonton Stock Yards by the Edmonton Feeding Co., a shipment of 14 cars from the Kleskun Edmonton near Grande Prairie, and a shipment of six cars from as far north as Pouce Coupe, in the Peace River district. The shipment of 144 head was made from Pouce Coupe by J. A. Dudley, who drove the cattle the six-day trip into Spirit River from Pouce Coupe, the cattle all being in good shape. Another interesting shipment was made recently of a small lot from the farm of J. J. Powers in the Clear Hills district north of Peace River. These cattle were fed in the open all winter, which is another evidence of what can be done in agriculture in this district, which is more than 400 miles north-west of Edmonton.

Wheat in the Northland

Herman Trelle, who took second place with his Marquis wheat at the Chicago International Exposition last year, and whose farm is at Lake Saskatchewan west of Grande Prairie, and 400 miles north-west of Edmonton, reports that on May 24 his new wheat stood nine inches above ground. He sent a sample to W. J. Stephen, Field Crops Commissioner, of the Government, the past week to prove his contention. Prof. Cutler of the University was also the recipient of a sample.

Passengers for the Arctic

A full complement of passengers for the Arctic will leave Edmonton June 17 to catch the first steamer on the northern waters for the Arctic regions. The party will include the judicial party going north for the annual court sessions in the north, and a considerable number of tourists and prospectors.

Shipments of Grain on North Road  
Over 600,000 bushels of grain have been shipped out from points on the Alberta and Great Waterways Railway the past season of which more than 350,000 bushels were wheat, and more than 193,000 were oats. One point, Bon Accord, holds the record of a total shipment of 398,000 bushels. On the other Government-owned line, the Lacombe and North-western, which runs north-west from Lacombe to Hoadley, the total shipments were nearly one million bushels of grain, the wheat shipments alone totalling 675,000 bushels. The record point on this line was Bentley with a shipment of 279,000 bushels.

Newspaper Men Entertained

A party of Canadian daily newspaper men and wives were entertained at the Alberta Capital during the past week on their way to the annual convention at Vancouver. Some of the visitors had not been West before, and naturally were greatly impressed with what they saw in Alberta. On their return East the party is to be entertained at Calgary.

Settlers Arriving

Settlers from many countries are arriving in Alberta in considerable numbers each week, most of them being from Britain and Northern Europe, with several parties from the United States.

Farm Young People's Week

The sixth annual farm young people's week at the University will be held June 4 to June 10. Lectures on agricultural topics, with a program of entertainment, is provided for those who attend, who include

young people from the farms between the ages of 16 and 26.

Oil Activity

IN addition to the activity in the Lethbridge-Coutts oil field this year, there will also be drilling on at least five different locations in the Wainwright field east of Edmonton this summer.

Two New Magistrates

In accordance with the request of the Dominion Government the Alberta Government has appointed A. B. Campbell, prominent Edmontonian to be magistrate at Jasper National Park, and G. E. Hunter to be magistrate at Banff National Park, these officials being maintained by the Dominion Government.

Alberta's Low T. B. Death Rate

According to figures compiled by a prominent American insurance company, Alberta has a very low death rate from tuberculosis in comparison with other countries. Alberta's rate is given as 58.1 per 100,000, Canada's rate being 111.5 per 100,000 white policyholders, and the U. S. rate being 90.5 per 100,000 white policyholders.

Railway Commission to Sit in Alberta

Sittings of the Dominion Railway Commission will be held in Alberta shortly, when in behalf of the Alberta Government, A. Chard, Freight Supervisor, will bring up several matters including an application for stop-over mill-in-transit rates on lumber shipped from saw mills in the north country to outside points. At present this lumber must be sent to Edmonton for milling, and the full rate paid in re-shipment from Edmonton.

Seed Growers Meet

Great satisfaction with the operation of the Alberta Government seed cleaning plant and a request for its continued operation was expressed at a meeting of the executive of the Alberta Seed Growers Association last week. The management of the plant and marketing of nearly 68,000 bushels of high class seed under the direction of W. J. Stephen, Field Crops Commissioner, was particularly commended. The plant during the season handled 22,823 bushels of Marquis wheat seed, 3,160 bushels of Ruby wheat, 23,073 bushels of Victory oats, 17,802 bushels of Banner oats, and 684 bushels of Bark's barley. Prices net to the seed growers ranged as high as \$1.50 per

bushel for seed wheat, and 84 cents net for oats. The deduction to cover all charges of operation and freight charges amounted to only 25 cents per bushel.

The executive expressed its appreciation of the offer of the Calgary Board of Trade of prizes for winners from Alberta at Chicago.

The seed board of the Province meeting at the same time, recommended that the annual seed fair next year be held at Calgary.

TOWN CLEAN UP

The Civic Authorities have gone to a tremendous lot of trouble in cleaning up and clearing up the Town, and it is up to the Townspeople now to do their part and help keep the Town bright and clean. Remember this at the Jubilee, one of the finest boasts the Town will get will be its bright, cheerful clean appearance.

Anyone deliberately refusing to clear up rubbish on their premises, or having untidy yards will be prosecuted by the Town Authorities.

The Jubilee is your celebration and not a local event, but one of National importance. Co-operate.

## DOMINION EXPRESS MONEY ORDER

## HOMEMAKERS' CORNER

(Conducted by Miss Alice L. Webb, State College of Washington.)

When you were little, was your mother too busy and hurried to take the time and trouble to teach you how to cook, to let you mess about a little and learn by your mistakes. Or was she one of those rarely wise mothers who lays the foundation for a love of home-making in her girls by interesting them early in what is easily made a fascinating art instead of a drudgery?

Ida C. Bailey Allen, author of the best cook book I know of, tells a little story of her childhood along this line. When she was 8 she went to call on a neighbor, playing "grown-up". The neighbor remarked "Grown-up ladies do useful things. I will teach you to cook". Standing on a box in the spotless pantry the little girl learned to make gingerbread, and laid the foundation for a life's enthusiasm.

SOFT GINGERBREAD RECIPE

Here is Mrs. Ida Bailey Allen's recipe for soft gingerbread:—Beat an egg, add a cupful of Barbados molasses; 3 tablespoons of any kind of shortening, melted; 2 teaspoons of ginger and 1 of baking soda; ½ teaspoonful of salt; ½ cup of boiling water and 2 cups of bread flour. Beat it thoroughly, and pour it into a well-oiled pan about 9 ins. square. Bake it in a moderate oven 40 to 45 minutes. If you have an oven thermometer it should stand at 350 degrees Fahrenheit. The egg may be omitted if you wish.

KID-GLOVE CANDY

One of the simplest candy recipes with elaborate results, is as follows: Put 2 tablespoons of water in a cup of brown sugar and boil it 5 minutes. Stir in two cupfuls of nut meats—halved pecans are best—and keep stirring until all the nuts are well coated with the sugar syrup. Spread on oiled paper to cool.

PROTEIN FOODS

You have heard much mention recently of "protein" in food. Do you know what the protein foods are? Agnes Houston Craig, who was director of home economics for the Food Administration of Washington during the war, gives the following meat, fish, poultry, game; milk, cheese; eggs; the legumes—peas, beans, lentils, peanuts; nuts. Most cereal foods contain enough protein to make them valuable supplements to those listed.

The word "protein" means "pre-eminent", for the protein foods are the only ones which contain nitrogen to any extent, and their function is chiefly to build tissue in the body.

BABY'S TOYS

In selecting toys for a baby, those made of ivory or rubber are best. The best quality of pure rubber is preferable, and be sure the colors on the toys do not rub off. Avoid all "woolly lambs" and "woolly dogs", however attractive they look as playthings, until the baby has outgrown the habit of putting everything in its mouth. For some of the fluff is sure to come off, causing gastric troubles. If you give baby blocks to play with, let them be the wooden ones that can be washed, not those covered with paper.

LINAMENT 220 YEARS OLD

A linament to rub on for "Aches in any part of the body" is given as follows in an old book, printed 220 years ago, before doctors were as numerous or as wise as they are now, is as follows:—"Take Sheep Suet, Oil Olive, of each a pound, melt and mix them; to which add of Turpentine three ounces, Oil of Amber two ounces, Chemical Oils of Rosemary, Oranges, and Limons, of each an ounce; Oils of Lavender and Juniperberries, of each half an ounce; mingle them well together for use. You cannot use them without success, not only for Aches, but for Lameness in the Limbs, Stiches, Gout, or Bruises."

THIMBLES

The thimble was originally a "thumb-bell", a metal cap or broad ring on the thumb to push a needle through stiff cloth or leather. It gets its name through the Middle English "thimbl", going back to Anglo Saxon "pymel" from the word "puma" which was their name for "thumb". It is now made almost exclusively for the middle finger of the right hand, out of gold or silver, steel, brass, aluminum or celluloid. The metal is rolled out in sheets, cut into round disks, and given the correct shape over a die. The edge is next turned up, and the indentations which prevent the needle from slipping are made on the top and sides. The metal is then tempered, polished, and decorated. Some people who never push with the end of the thimble prefer one with an open top, but these generally come in very large sizes.

NOT ENGAGED NOW

He phoned his fiancée on her birthday that he was sending her a rose for every year. To the florist he gave the order for two dozen.

"He's a good customer," thought the florist, "and I'll send along an extra dozen." That's how the engagement was wrecked.

## WEDDING BELLS

The marriage was solemnized at the Methodist church, Macleod, of Janet M. White daughter of Mr. and Mrs. J. White, of Macleod, to J. G. Jenson, of Lundbreck. After the ceremony, conducted by Rev. G. D. Armstrong, the wedding party was conveyed by cars to the home of the bride's parents, where a beautiful wedding breakfast was served. The young couple left for their future home at Lundbreck, where Mr. Jenson is engaged in farming and ranching. Mrs. Jenson was very popular in and around Macleod, and her pianoforte accomplishments will be greatly missed from the musical circles. For many years she has been an active member of the Macleod Methodist Choral Society, and other musical associations of the town.

## CORRESPONDENCE

Seemly discussion of matters of public interest is invited under the above heading. As an earnest of good faith and to insure publication, all communications to the editor must be signed by the contributor (nom de plume signature for publication if so desired). The editor of The Times is not responsible for opinions expressed or statements made under above heading; neither does he necessarily endorse or condemn such opinions or statements.

708 8th St., Medicine Hat,  
May 22nd, 1924.

The Editor, Macleod Times:

Sir,—In the "Calgary Albertan" of May 22nd, 1924, under the caption of "Macleod News" appears the notice of the death of Joseph Girardin. The last paragraph says: "He leaves a wife and one daughter." This is incorrect, as he has a son, now 26 years of age, Louis Ruebon Girardin, born November 4, 1898. His mother was the second wife of Joseph Girardin, nee Miss Caroline Sanders. This boy was in the care of Mrs. Charlotte Barker, then of Macleod, and was adopted by Charlotte Barker and her husband, Alfred E. Barker, in 1901.

The said Louis Ruebon Girardin is at the present time living in Medicine Hat.

We should be much obliged if you would make space in the next issue of your paper and publish this letter, so that the truth may be known.

We remain—

Yours faithfully,  
Wilfred E. and Charlotte Barker,  
(Late of Macleod—foster parents of the above "Louise Ruebon Girardin.")

Word has been received that Boy Scouts, Wolf Cubs and Cadets are coming to Macleod Jubilee from Lethbridge, Claresholm, the Blood Reserve and other points. Special arrangements for accommodation have been made for these Corps. Every Cadet and Boy Scout will receive a hearty welcome at the Macleod Jubilee on July 1st, 2nd and 3rd.

R. Meers was a business visitor to Pincher on Wednesday of last week.

Walter Kyle has accepted the agency for the Silver Spray Brewing Co., and has his warehouse in the basement of J. Marks Store.

Mrs. Dunn and her daughter arrived on Tuesday last from Edinburgh, Scotland on a visit to her son Alex. While in Macleod they will be the guests of Mr. and Mrs. A. Dunn and it is their intention to spend three months here before returning to the old Country. Mrs. Dunn who is 70 years of age made her maiden trip across the ocean, and stood the journey remarkably well. She will be fortunate enough to witness the Macleod Jubilee, and see the Canadian West as it was before civilization stepped in.

Notice of Round Up is hereby given to all Old Timers, to meet at the Gospel Shack (Methodist Church) Macleod, on the evening of June 29th, 1924, at 7:30, p.m., to listen to our old Sky Pilot, John McLean. (Rev. Dr. John McLean) who will talk about what we used to do, what we have been doing, and what we ought to do. So we want all you fellows to be on hand and let's give the Old Sky Pilot a boost. This is perhaps the last Round Up he will attend, and we will sing the old Gospel songs that we did years ago and have a smash up time. You all know that the Jubilee begins on Tuesday, July 1st, and this

#### LADIES

Now a little talk with you. You often give us a little cattish talk about not being enterprising, or not keeping abreast of the times. The principal complaint is the latest style of shoe or sandals. Can you imagine the stock we would have to carry for a small town to please you? Apart from the many new shapes there are so many new leathers—Patent, Fine Calf, Dongola, Suede, Satin, etc. Now, the designers of the boot and shoe fashions are very aggressive—they constantly put new designs on the market—there is no thought about the poor retailer, who has dozens of shoes to job off to make room for your ladyship's fancy. Now, in a large town, where the merchant sees a shoe is hanging fire and likely to be out of fashion he says "Johnny get your gun, we will knock these prices to h—l." He puts them into the window with such tempting offers. A woman is compelled to buy. Probably in a large town they are cleaned out in one day. Then he is foot-loose; he can put in any new style that will be catching for a few weeks. Now, we have tried this way to get rid of stock that hangs fire—but no, it is no good—they won't buy at bargain sales—they are afraid that Bella and Maud will say, "Oh, you bought those shoes at Reach's, they are an old style and are out of fashion."

## REACH & COMPANY, LTD.

class here. Mr. Hoffman made many warm friends during his short stay in Canada, and much enjoyed his work in Macleod, Vulcan and Lethbridge.
